

## Axiom House Association Limited

### Patches for Housing Operations Team as at December 2016

Due to an internal re-structure, bringing the income and housing team into one, as a resident you will now have an **Income Officer** to deal with any **rent queries** and a **Housing Officer** to deal with housing management, such as **tenancy queries** and **estate management**. This new combined team is now known as the Housing Operations Team.

Below you will find who your Income Officer is and who your Housing Officer is. The teams have been divided into dedicated patches:

**The Income Officers also manage the rent accounts for Sheltered Housing Residents. If you are an extra care resident please speak to your Service Manager.**
